MH Candidate To Start New Anti-Busing Group

Although, as of June 17th, 1974 the U.S. Supreme Court has made no decision of the Detroit Busing Case, Joe Barakat is not standing still. Barakat has formed a group called ACTIONS... "Action Coalition to Improve Our Neighborhood Schools". This group will oppose cross - district busing of our school children and work for better ways to achieve high quality education.

Senior Citizens

As the Chairman of the Commission on Aging, Barakat has said, "Senior Citizens do not want sympathy. What they want is respect, dignity, the opportunity to lead productive lives and adequate housing".

Unemployment

Barakat feels the spiraling unemployment rate can be stopped with solid job program legislation, by encouraging the return of industry to Michigan, and equitable reimbursement of Federal tax dollars.

Youth

Joe Barakat believes that our youth is the keystone of America's future, and state legislators should specifically develop programs for youth employment, and drop - in centers.

Health Care

Barakat feels that a National Health Care Program has now become a necessity, to provide quality medical care equally for all citizens, including those in need of alcohol, drug and mental health rehabilitation.

Other goals on the Barakat Lansing List:

- A MORE EQUITABLE FORMULA OF STATE REVENUE SHARING • CAMPAIGN REFORM
- A MORE EQUITABLE DISTRIBUTION OF SCHOOL DOLLARS • CRIME REDUCTION
- CONSUMER PROTECTION • TRUTH IN ADVERTISING • INFLATION • POLLUTION
- TAX EQUITY

PLANT THE SEED OF GOOD GOVERNMENT!
BARAKAT BELONGS IN LANSING!
